It shall consist of nine members, all of whom shall be legally qualified practitioners under the laws of this commonwealth, except one who shall be a recognized pharmacist; eight of whom shall be appointed by the governor, by and with the advice of the senate, and the ninth member, who shall be the secretary and state health officer, shall be elected by the board and by virtue of his office of secretary shall be a member of the board, one member of the board shall be a homeopathic, one an eclectic, and one an osteopathic physician, one a registered pharmacist, and the other members shall be regular allopathic physicians, all to be appointed by the governor from a list of three names for each vacancy, furnished respectively by the state society or association of such schools or systems of practice as are entitled to the member, and the said pharmacist member shall be appointed from a list of three names submitted by the Kentucky Pharmaceutical Association, and the successors of such members shall be appointed in the same manner. If the board shall elect one of its members secretary, as it may do, the governor shall appoint another member to complete the full number of the board. The president and secretary and each member shall have authority to administer oaths about matters pertaining to their official duties, and the members of the board shall, before entering upon the discharge of their duties, take the oath prescribed by the constitution for state officers.

. . . .

Sec. 2611. MEDICAL REGISTER KEPT BY COUNTY CLERK; DUTIES; FEES: It shall be the duty of the county clerk of each county to purchase a book of suitable size, to be known as the "medical register" of the county, and to set apart one full page for the registration of each physician; and when any physician shall die or remove from the county, he shall make a note of the same at the bottom of the page; and said clerk shall, on the first day of January in each year, transmit to the office of the State Board of Health a duly certified list of the physicians of said county registered under this law, together with such other information as is hereinafter required and perform such other duties as are required by this law; and such clerk shall receive the sum of 50 cents from each physician so registered, which shall be his full compensation for all the duties required under this law.

Sec. 2612. REGISTRATION BEFORE PRACTICING: It shall be unlawful for any person to practice medicine, in any of its branches, within the limits of this state, who has not exhibited and registered in the county clerk's office of the county in which he resides, his authority for so practicing medicine as herein prescribed, together with his age, address, place of birth, and the school or system of medicine to which he professes to belong; and the person so registered shall subscribe and verify by oath, before such clerk, an affidavit containing such facts, which, if wilfully false, shall subject the affiant to conviction and punishment for perjury.

Sec. 2613—1. CERTIFICATES; QUALIFICATIONS; FEES: Authority to practice medicine under this Act shall be a certificate from the State Board of Health, registered in the county in which the holder resides; and said board shall issue a certificate to any reputable physician who desires to practice medicine in this state, who has passed a satisfactory examination before it, in the branches of medicine as taught in reputable medical colleges; and said board shall, upon application, admit to examination any person of good moral character, who may possess any of the following qualifications:

1. A diploma from a reputable medical college, legally chartered under the laws of this state.
2. A diploma from a reputable and legally chartered medical college of some other state in this union.
3. Satisfactory evidence from the person claiming the same that such person was reputably and honorably engaged in the practice of medicine in this state prior to Feb. 23, 1884.

Applicants may present their credentials by mail or proxy and shall receive due notice of the place and date of examination. Certificates shall be signed by the president and secretary and attested by the seal of the board, and the fee for each examination, including the certificate, shall not exceed the sum of ten dollars ($10). The members of the board shall be entitled to receive ten dollars ($10) per day and their necessary traveling expenses for each day devoted to such examinations, to be paid from the fees provided herein, and the board shall have authority to provide for such assistance as it may deem necessary and pay for the same from the fund arising from such fees.

Sec. 2613—2. EXAMINATIONS: Examinations shall be held at least semi-annually at Frankfort, Louisville, Lexington, or other centrally located places, and on such days as the board may deem will best suit the convenience of applicants. The questions for all examinations in the branches common to all schools or systems of practice shall be prepared by a committee of the board, to consist of five members, one of which shall be a homeopath, one an eclectic, and one an osteopath, and said committee shall conduct all examinations and grade the same and when any applicant has made the average prescribed by law, and is so graded, the Board of Health shall admit such applicant to the practice of his or her profession in this state. All examinations shall be conducted in writing, and in such manner that the result shall be entirely fair and impartial, the applicants being known by numbers so that no member of the board shall be able to identify the papers of any applicant until they have been graded and the case passed upon; and all questions and answers, with the grade attached, shall be preserved for one year. All applicants examined at any one time shall have the same questions asked them in anatomy, physiology, obstetrics and the other branches common to all systems of practice, and shall be required to make an average grade of 70, with a minimum of 60 in any one branch; but all examinations, involving methods or principles of treatment, shall be made and graded by that member of the board who represents, or most nearly represents, the school or system of practice to which the applicant belongs, or the board may, in its discretion, omit the examination in such branches. No member of the board shall be a stockholder or member of the faculty or board of trustees of any medical college.

Sec. 2614. ITINERANT DOCTORS: Nothing in this law shall be so construed as to authorize any itinerant doctor to register or to practice medicine in any county in this state.

Sec. 2615. CERTIFICATE; WHEN MAY BE REFUSED; OSTEOPATHY RECOGNIZED; WHAT IS PRACTICING MEDICINE; ITINERANT COMPANIES: The State Board of Health may refuse to issue the certificate provided for in this Act for any of the following causes:

1. The presentation to the board of any license, certificate or diploma, which was illegally or fraudulently obtained, or the practice of fraud or deception in passing the examination.
2. The commission of criminal abortion or conviction of a felony involving moral turpitude.
3. Chronic or persistent inebriety, or addiction to a drug habit, to an extent which disqualifies the applicant to practice with safety to the people.
4. Or other grossly unprofessional or dishonorable conduct of a character likely to deceive or defraud the public.

The board may suspend or revoke a certificate for any of the causes for which it may refuse to grant a license under the provisions of this Act. In all proceedings for suspension or revocation under this Act the holder of the certificate shall be furnished with a copy of the complaint, and shall be given at least thirty days thereafter to prepare for a hearing; and he shall be heard in person or by counsel or both as he may elect, and in such hearing and in all matters arising in the course of their duties the president and secretary shall have authority to administer oaths; and in such hearing the board may take oral or written proof for and against the complaint, as it may deem will best present the facts. In all cases of refusal, suspension, or revocation the applicant or holder may appeal to the governor, who may affirm or overrule the decision of the board. Upon the suspension or revocation of any certificate, it shall be the duty of the board to give official notice of such action, under seal, to the county clerk of the county in which the holder is registered, and such name shall be marked as suspended for the period indicated, or stricken from the register, in accordance with such notice and if such holder shall continue to practice he shall thereupon be subject to the penalties provided in the law to which this is an amendment.

Any person engaged in the practice of osteopathy in this state prior to Feb. 1, 1904, who holds a diploma from a reputable osteopathic college having a course of not less than four terms of five months each, legally chartered under the laws of any state in this union, as determined by the osteopathic member of the board, and who makes application to the State Board of Health within ninety days after the passage of this Act, accompanied by the fee hereinbefore provided, shall receive a certificate from the board without an examination, which, when registered in the office of the county clerk of the county of his residence, as required of other certificates issued by the board, shall authorize the holder thereof to practice osteopathy in this commonwealth, but it shall not permit him to administer drugs, nor to perform surgical operations with the knife. The words, "practice of medicine," in this Act shall be held to include the practice of osteopathy. But no person shall be permitted to practice osteopathy in this commonwealth without an osteopathic diploma and certificate as provided in this section.

Any other person applying for authority to treat the sick or injured, or in any way discharge the duties usually performed by physicians, whether by medical, surgical or mechanical means, shall apply to the State Board of Health, who shall examine them as to their competency in such manner as they may deem fair and best, but such examination shall always include anatomy, physiology and pathology, and the term "practice of medicine" as used in this Act, shall be construed to be the treatment of any human ailment or infirmity by any method; but this shall not include trained or other nurses, or persons selling proprietary or patent medicines, when not traveling as a troupe or troupes composed of two or more persons. But this Act shall not apply to the practice of Christian Science.

That any itinerant medical company of two or more persons traveling as a troupe or company as vendors of any drug, nostrum or instrument of any kind, intended for the treatment of any disease or injury, or who shall, by any writing or printing, profess to the public to treat disease or deformity by the use of any drug, nostrum or instrument, shall pay to the board a license of one hundred dollars ($100) per month, which shall at once be covered into the state treasury. The board shall issue a license to reputable and worthy applicants under this section upon payment of the fee each month, but may for sufficient cause refuse such license. Any such itinerant vendor traveling as a company or troupe, with two or more persons as members or in its employ, who shall treat or profess to treat or cure disease or injuries by the use of any drug, nostrum, or instrument without license to do so, or shall sell the same for such purpose, in violation of this section, shall, upon conviction, each and every person so engaged, be fined fifty dollars ($50) for the first offense, and upon each subsequent conviction shall be fined one hundred dollars ($100).

Sec. 2616. EXEMPTIONS FROM THIS LAW: Nothing in this law shall be so construed as to discriminate against any peculiar school or system of medicine, or to prohibit women from practicing midwifery, or to prohibit gratuitous services in case of emergency; nor shall this law apply to commissioned surgeons of the United States Army, Navy or Marine Hospital Service, or to legally qualified physicians of another state called to see a particular case or family, but who does not open an office or appoint any place in this state where he or she may meet patients or receive calls.

Sec. 2617. VIOLATIONS: It shall be the duty of the state and local boards of health to bring to the attention of the courts any violations of the provisions of this law within their respective jurisdictions.

Sec. 2618. PENALTIES: Any person living in this state, or any person coming into this state, who shall practice medicine, or attempt to practice medicine in any of its branches, or who shall treat or attempt to treat any sick of afflicted person by any system or method whatsoever for reward or compensation, without first complying with the provisions of this law, shall, on conviction thereof, be fined fifty dollars ($50), and upon each and every subsequent conviction shall be fined one hundred dollars ($100) and imprisoned thirty (30) days, or either or both, in the discretion of the court or jury trying the case; and in no case where any provision of this law has been violated shall the person so violating be entitled to receive any compensation for the services rendered. To open an office for such purpose, or to announce to the public in any way a readiness to treat the sick or afflicted shall be deemed to engage in the practice of medicine within the meaning of this Act.

Sec. 2618b—1. DIVISION OF FEES WITHOUT CONSENT OF PATIENT; GUILTY OF SELLING THE PATIENT, WHEN: That hereafter any physician, surgeon or any other person who carries, sends or is in any manner instrumental or aids and abets in causing a patient to go to another physician or surgeon for surgical operation or advice as to or the treatment of any physical or mental disease, injury or ailment, and receives therefor from such other physician or surgeon any money, gift or other thing of value for having furnished such patient or who has any agreement or understanding with such physician or surgeon to receive therefor any money, gift or other thing of value whatsoever from such physician or surgeon, without the knowledge and consent of the patient previously obtained, shall be guilty of selling the patient within the meaning of this Act.

Sec. 2618b—2. PENALTY FOR SELLING PATIENT: Any physician, surgeon or other person who shall violate Section 2618b—1 of this Act shall be guilty of a misdemeanor and fined not less than fifty dollars ($50) nor more than one hundred dollars ($100) for each offense.

Sec. 2618b—3. DIVISION OF FEES WITHOUT CONSENT OF PATIENT; GUILTY OF BUYING THE PATIENT, WHEN: That hereafter any physician, surgeon or any other person who knowingly receives any patient so carried, sent or caused to go to him for any surgical operation or advice as to or treatment of any physical or mental disease, injury or ailment, and such physician, surgeon or other person pays any money, gift or thing of value or promises any compensation whatsoever therefor to such physician, surgeon or other person so sending or carrying or aiding and abetting in getting such patient to him, without the knowledge or consent of the patient previously obtained, shall be guilty of buying the patient within the meaning of this Act.

Sec. 2618b—4. PENALTY FOR BUYING PATIENT; FORFEITURE OF LICENSE: That any person who buys a patient within the meaning of Section 2618b—3 of this Act shall be guilty of a misdemeanor and upon conviction shall be fined not less than fifty dollars ($50) nor more than one hundred dollars ($100) for each offense, and if he be a physician or surgeon shall, upon conviction of a second offense, forfeit his license to practice medicine and surgery in this commonwealth; the court trying the case shall, upon conviction for the second offense, declare, as a part of the judgment entered upon the record of the court trying the case, that the license of such physician or surgeon to practice medicine or surgery in this commonwealth be canceled, and the license so canceled shall never be renewed in this commonwealth.

Sec. 2618b—5. SELLER NOT THE ACCOMPLICE OF THE BUYER; SELLER COMPELLED TO TESTIFY; PRIVILEGED FROM PROSECUTION IN SUCH EVENT: The person selling the patient and guilty of the offense under Section 2618b—1 of this Act shall not be deemed an accomplice of the physician, surgeon or other person who buys such patient, as provided in Section 2618b—3 thereof, and may be compelled, as a witness, to disclose all the facts relative to such selling of the patient by him and the purchase thereof by the physician or other person under Section 2618b—2 hereof, but no such testimony given shall be used in any prosecution against the person so testifying, and he shall stand discharged of any act so disclosed by his testimony.

Section 4480. WHO MAY PRACTICE: From and after the promulgation of this Act, no person excepting those already engaged under existing laws in the practice of medicine, surgery, midwifery, osteopathy and dentistry shall practice medicine in any of its departments within the state of Louisiana, unless such person shall possess all the qualifications and requirements of this Act.

Sec. 4481. QUALIFICATIONS FOR LICENSE: After the promulgation of this Act, any person before entering upon the practice of medicine in any of its branches, shall present to one of the Boards of Medical Examiners, as herein constituted, a diploma from a college in good standing, of any sect teaching medicine or the healing art, and shall stand a satisfactory examination before the board upon the following branches, to wit: Anatomy, Physiology, Chemistry, Obstetrics, Gynecology, Physical Diagnosis, Surgery, Pathology and Bacteriology, Materia Medica, Theory and Practice of Medicine and Hygiene. The person shall also satisfy the board that he or she is 21 years of age, a citizen of the United States, of good moral character, and possesses a fair education; provided, however, that the board may issue a temporary permit to one who has taken out his or her first naturalization papers and who has otherwise complied with the requirements of this Act. If said diploma and examination are satisfactory to said board, they shall issue to such person a certificate in accordance with the facts. Said board, however, is authorized at its discretion, to waive said examination in favor of any applicant who shall present to the board a satisfactory certificate of examination from a board of medical examiners of another state; provided, however, that said board created under this Act shall have found said certificate of examination from a board of medical examiners of another state was received on the equivalent of "Class A College Standard American Medical Association"; the said board created under this Act to be the sole judge as to the sufficiency of all other certificates required.

Sec. 4482. TWO BOARDS OF MEDICAL EXAMINERS; APPOINTMENT: The Medical Examiners herein provided for shall consist of two boards—one of physicians and surgeons recommended by the Louisiana State Medical Society, which board shall be known as the Louisiana State Board of Medical Examiners, and one of physicians and surgeons recommended by the Hahnemann Medical Association of Louisiana, which shall be known as the Louisiana Homeopathic State Board of Medical Examiners. There shall be five members of each board, any three of whom shall constitute a quorum for all purposes, including holding of examinations and granting certificates. All the members of both boards shall be graduate physicians and practitioners.

The board composed of physicians and surgeons recommended by the Louisiana State Medical Society shall examine all applicants who propose to practice any other than the homeopathic system of medicine, and the board composed of physicians and surgeons recommended by the Hahnemann Medical Association of Louisiana shall examine all applicants who propose to practice the homeopathic system of medicine. The certificate of either board shall be conclusive proof of the efficiency of the applicant examined by said board. All examinations held by the boards and the answers of the applicants shall be in writing, and shall be kept as records for a period of two years. All members of said board shall be appointed by the governor of the state from lists of names presented by the Louisiana State Medical Society and the Hahnemann Medical Association of Louisiana, respectively, and the governor shall have the right to remove any or all of the members thereof for inefficiency or neglect of duty, and to fill all vacancies occurring in these boards from names recommended by their respective societies; provided, that the present members of each of the state boards shall continue in office until the end of their present respective terms and until their successors shall have been appointed.

Every certificate issued through this Act shall be renewed annually on or before Jan. 1 by the secretary-treasurer of the Louisiana State Board of Medical Examiners, and any certificate not renewed, after unanimous vote by said board, is suspended; which suspension is subject to a review by a court of competent jurisdiction.

The boards are empowered to demand a fee for the issuing of each certificate, not to exceed two dollars ($2). The fee for examination shall be twenty-five dollars ($25). The fee for temporary permits shall be ten dollars ($10), to be paid into the treasury of the boards, said fee to be credited to the applicant when he applies to the boards for a permanent certificate.

It shall be the duty of the respective district attorneys to prosecute violators of the provisions of this Act, before any court of competent jurisdiction. The said fine shall be divided equally between the public school fund of the parish in which said offense may have been prosecuted, and the State Board of Medical Examiners.

Sec. 4495. Chapter 18

Section 9. BOARD OF REGISTRATION; APPOINTMENT; TERM: The governor, with the advice and consent of the council, shall appoint a Board of Registration of Medicine consisting of six persons, residents in the state, who shall be graduates of a legally chartered medical college or university having the power to confer degrees in medicine, and who shall have been actively employed in the practice of their profession for a period of five years. Two persons qualified as aforesaid, shall be appointed members of said board on or before the first day of July of every alternate year after July 1, 1895, to hold office for six years from the first day of July following said appointment. No member of said board shall belong to the faculty of any medical college or university. Any vacancy in said board shall be filled by the appointment of a person qualified as aforesaid, to hold office during the unexpired term of the member whose place he fills. Any member of said board may be removed from office for cause by the governor, with the advice and consent of the council.

Sec. 10. MEETINGS; RECORDS: The members of said board shall meet on the second Tuesday of July of each alternate year after the year 1895, at such time and place as they may determine, and shall elect a chairman and secretary who shall hold their respective offices for the term of two years. The said board shall hold regular meetings, one in March, one in July and one in November of each year, and such additional meetings at such times and places as it may determine. Said board shall cause a seal to be engraved and shall keep correct records of all proceedings, and may make such minor rules and regulations as it shall deem necessary for the successful enforcement of its authority and the performance of its duties.

Sec. 11. EXAMINATIONS; CERTIFICATES; FEES: Any person shall, upon the payment of a fee of twenty-five dollars ($25), be entitled to examination, and if found qualified by a majority of the members of the board present shall be registered as a physician or surgeon, and shall receive a certificate thereof under the seal of the board, and signed by the chairman and secretary, which shall state the facts and must be publicly displayed at the person's principal place of business as long as said person continues practice for gain or hire. Any person refused registration may be reexamined at the regular meeting of said board, within two years of the time of such refusal, without additional fee and thereafter may be examined as often as he may desire upon payment of the fee of twenty-five dollars ($25) for each examination. All fees received by the board hereunder shall be paid by the secretary thereof into the treasury of the state once in each month.

Sec. 12. APPLICATIONS; QUALIFICATIONS; RECIPROCITY: The board shall examine all applicants for registration as licensed physicians or surgeons. Each applicant shall, at least seven days before the date of his examination, present to the secretary of the board an application under oath or affirmation, containing satisfactory proof that said applicant is 21 years of age, of good moral character and a graduate of some reputable medical school or college in good standing, having power to confer degrees in medicine, and maintaining a standard of preliminary education and of medical instruction approved by the board, which said standard shall at least require that the applicant for admission to said medical school or college shall present to said school or college, before beginning the study of medicine therein, the diploma of a high school or equivalent school having a course of study requiring an attendance through four school years, or a certificate of having passed a satisfactory examination before the state superintendent of schools, or like state officer, in the studies embraced in the curriculum of such high school or other equivalent school. He shall also present such other facts as the board in its blank application may require, and must pay the fees provided in the preceding section. Examinations shall be in whole or in part in writing and shall be of a thorough and practical character. They shall embrace the general subjects of anatomy, physiology, pathology, bacteriology, sanitation, chemistry, materia medica and therapeutics, surgery, the principles and practice of medicine, obstetrics, and such branches of medical science as the board may deem necessary for the applicant to be versed in. The board may make such rules and regulations as may be necessary for reciprocity of licensure with the boards of other states which maintain a standard of education at least equal to their own; but no such rules shall become operative until they have been approved by a justice of the supreme judicial court.

Sec. 13. RECORDS; ANNUAL REPORT: The board shall keep a record of the names and residences of all persons registered hereunder and a record of all money received and disbursed by said board, and said records or duplicates thereof shall always be open to inspection in the office of the secretary of state during regular office hours. Said board shall annually on or before the first day of January of each year, make a report to the governor containing a full and complete account of all its official acts during the preceding year, also a statement of its receipts and disbursements and such comments or suggestions as it may deem essential.

Sec. 14. INVESTIGATION OF COMPLAINTS; REVOCATION OF CERTIFICATES; DISPOSITION OF FEES: The board, its members or agents shall investigate all complaints and all cases of noncompliance with or violation of the provisions of this chapter relating to the registration of physicians and surgeons, and shall bring all such cases to the notice of the proper prosecuting officers. Said board, after a conviction before a proper court, for crime in the course of professional business, of any person to whom a certificate has been issued by them, and after hearing, may by vote of two thirds of the entire board revoke the certificate and cancel the registration of the person to whom the same was issued. Said board may also suspend or revoke any certificate by a two-thirds vote of the entire board, in any case where such certificate has been wrongfully obtained or for any fraud connected with the said registration.

Sec. 15. PENALTY FOR VIOLATION: Unless duly registered by said board, no person shall practice medicine or surgery, or any branch thereof, or hold himself out to practice medicine or surgery or any branch thereof for gain or hire within the state, by diagnosing, relieving in any degree, or curing, or professing or attempting to diagnose, relieve or cure, any human disease, ailment, defect or complaint, whether physical or mental, or of physical or mental origin, by attendance, or by advice, or by prescribing or furnishing any drug, medicine, appliance, manipulation, method or any therapeutic agent whatsoever or in any other manner unless otherwise provided by statute of this state. Unless duly registered by said board no person shall prefix the title "Doctor" or the letters "Dr.," or append the letters "M.D." to his name, or use the title of doctor or physician in any way, excepting that any member of the Maine Osteopathic Association may prefix the title "Doctor" or the letters "Dr." to his name when accompanied by the word "Osteopath." Whoever not being duly registered by said board practices medicine or surgery, or any branch thereof, or holds himself out to practice medicine or surgery, or any branch thereof in any of the ways aforesaid, or who uses the title "Doctor" or the letters "Dr." or the letters "M.D." in connection with his name, contrary to the provisions of this section, shall be punished by a fine of not less than one hundred dollars ($100), nor more than five hundred dollars ($500) for each offense, or by imprisonment for three months, or by both fine and imprisonment; the prefixing of the title "Doctor" or the letters "Dr." or the appending of the letters "M.D." by any person to his name, or the use of the title of doctor or physician in any way by any person not duly registered as hereinbefore described, shall be prima facie evidence that said person is holding himself out to practice medicine or surgery contrary to the provisions of this section, provided that nothing herein contained shall prevent any person who has received the doctor's degree from any reputable college or university other than the degree of "Doctor of Medicine" from prefixing the letters "Dr." to his name, if he is not engaged, and does not engage, in the practice of medicine or surgery, or the treatment of any disease or human ailment.

Sec. 16. TO WHOM ACT DOES NOT APPLY: The seven preceding sections shall not apply to commissioned officers of the United States Army, Navy or Marine Hospital Service, or to a physician or surgeon who is called from another state to treat a particular case and who does not otherwise practice in this state, nor to prohibit gratuitous service or the rendering of assistance in emergency cases; nor to clairvoyants or persons practicing hypnotism, magnetic healing, mind cure, massage, Christian Science, osteopathy, or any other method of healing or prescribing if no poisonous or dangerous drugs are employed nor surgical operations performed; provided such clairvoyants and other persons do not violate any of the provisions of the preceding section in relation to the use of "M.D.," "Dr.," or the title of "Doctor" or "Physician."

Sec. 17. APPROVAL OF EXPENSES: The compensation, incidental and traveling expenses of the board shall be approved by the board, audited by the state auditor and paid from the state treasury, provided, that the amounts so paid shall not exceed the amount received by the treasurer of state from the board in fees as herein specified and so much of said receipts as may be necessary is hereby appropriated for the compensation and expenses of the board aforesaid.

Chapter 117

Sec. 49. COMPENSATION OF BOARD: The members of the Board of Registration in Medicine shall receive annual salaries of one hundred dollars ($100) each, except the secretary, who shall receive three hundred dollars ($300) a year. In addition each member shall receive necessary traveling expenses in attending the meetings of the board. Extra compensation for each day actually spent in investigating or prosecution of complaints and cases under Section 14 of Chapter 18 of the Revised Statutes shall be allowed to each member of the board actually engaged therein, provided, that if the fees to be collected under the provisions of Section 11 of Chapter 18 of the Revised Statutes are insufficient to pay the salaries and expenses provided by this chapter, that the members of said board shall only be entitled to a pro rata payment for salary in any year in which such fees are insufficient.

MEDICAL PRACTICE ACT OF MARYLAND

Annotated Code of Maryland, 1924,
Article 43.

115. QUALIFICATIONS: All persons now practicing medicine and surgery, or who shall hereafter begin to practice medicine and surgery in any of their departments, except dentistry, in the state of Maryland, shall possess the qualifications required by this sub-title.

116. MEDICAL BOARDS; ORGANIZATION; HOW ELECTED: From and after the first Tuesday in June, 1892, there shall be and continue to be two separate Boards of Medical Examiners for the State of Maryland—one representing the Medical and Chirurgical Faculty of the State of Maryland, and one representing the Maryland State Homeopathic Medical Society of the State of Maryland. The members of said respective boards in office on the eleventh day of April, 1902, shall continue to hold and exercise their respective offices up to the first Tuesday in June, 1902. On the first Tuesday of June, 1902, said two Boards of Medical Examiners shall be reorganized, and thereafter said boards shall be constituted as follows: Each of said boards shall consist of eight members, who shall be selected by the Medical and Chirurgical Faculty of the State of Maryland and the Maryland State Homeopathic Medical Society, respectively, at the annual meetings of said respective societies; and each appointee is immediately after his election, to be furnished with a certificate thereof by the society electing him. Each such member of said respective boards, except those elected in the year 1902, shall serve for four years, or until his successor is appointed and qualified. At their respective annual meetings held in the year 1902, each of said aforementioned societies shall elect the full number of eight examiners for its respective board, of whom two shall be elected for four years, two for three years, two for two years, and two for one year, and thereafter two examiners shall be elected by each society in each year, as hereinbefore provided, to serve for a term of four years or until their successors are appointed and qualified, the outgoing members to be eligible for reelection. The terms of office of all members so elected shall begin on the first Tuesday in June, in the year in which they shall be respectively elected; each board is to have the exclusive right to examine, pass upon the qualifications of and license its own applicants. The examiners shall be physicians actually engaged in the practice of medicine or surgery in the state of Maryland, and of recognized ability and honor. No member of any medical college or university, who passes upon the qualifications of graduates of any medical school, shall be eligible to serve as a member of either of said boards. In case of a vacancy occurring in either of said boards, the board in which such vacancy shall occur shall fill the same until the next annual meeting of the Medical and Chirurgical Faculty, or the Maryland State Homeopathic Medical Society, according as the board in question may be the representative of one or other of said societies, when said society shall elect an examiner to serve for the remainder of such unexpired term.

117. DUTIES OF SECRETARY-TREASURER: Each of said boards shall, at its meeting on the first Tuesday in June of each year, appoint a secretary-treasurer for the board, whose term of office shall last for one year, and who shall be eligible for reappointment, and whose duties shall be as follows: Within sixty days from the time of his appointment by his respective board, it shall be the duty of the clerk of the circuit court of Baltimore City and the clerk of the circuit court for each county in the state to furnish the secretary-treasurer of each board a list of all physicians who have been legally registered in such court. To all those physicians who have at that time been practicing in the state without having been legally registered, said secretary-treasurer shall send a printed notice of the action of this article relating to the duty of the police commissioner in Baltimore City and the sheriffs of the counties of the state under this law. Within four months of the time of his appointment he shall see that all physicians entitled to register have been registered, and that the names of all those who are not entitled to be registered under this sub-title have been presented for prosecution to the state's attorney of the city of Baltimore, and of each county in the state in which the accused, respectively, reside. Those physicians who, being entitled to register under this sub-title, yet have failed to comply at the expiration of this time—four months from the election of the secretary-treasurer of the board—shall also be prosecuted, and no one after the eleventh day of April, 1902, shall be allowed to practice medicine or surgery without being duly registered according to the provisions of this sub-title. The secretary-treasurer shall keep the official records of the board for which he is secretary, as provided for in Section 118 of this sub-title, the examination papers of applicants for at least three years after they have been passed upon by the board, after which they are to be destroyed and a complete list of all registered physicians in the entire state. He shall call to the attention of the state's attorneys of Baltimore City and of the different counties throughout the state all violations of the law under this sub-title. He shall collect and hold all moneys belonging to the board, for which he shall give bond to the state of Maryland in the sum of $1,000, the same to be held by the president of the board. He shall receive from the income of the board such salary as his respective board may determine.

118. REORGANIZATION OF BOARDS; SPECIAL MEETINGS; QUORUM; REGISTER OF APPLICANTS: Each Board of Medical Examiners shall meet on the first Tuesday of June in each year for the purpose of reorganizing. At said first meeting of said respective boards, each of said boards shall effect an organization by the election from its own membership of a president, and shall also appoint a secretary-treasurer, as otherwise provided in this sub-title. For the purpose of examining applicants for license, each of said Boards of Medical Examiners shall hold one or more stated or special meetings in each year, due notice of which shall be made public, at such time and places as may be determined by the members thereof, respectively. At said stated or special meeting a majority of the members of the board shall constitute a quorum thereof. Each of said Boards of Medical Examiners shall keep an official register of all applicants for examination for a license to practice medicine and surgery in this state; said register for license shall show the name, age and last place of residence of each candidate, the school from which he or she may have graduated, and whether such applicant was rejected or licensed under this sub-title; but such matters shall not be written in said register or made public until after the examination.

119. EXAMINATIONS. At the first meeting of an examining board, or at a stated or special meeting held subsequently, suitable provisions shall be made by each of the examining boards to prepare a schedule of examination upon anatomy, physiology, medical chemistry, surgery, practice of medicine, materia medica, therapeutics, obstetrics and pathology, and the same standard of excellence shall be required from all candidates. In the departments of therapeutics and practice the questions shall be in harmony with the tenets of the school selected by the candidate; the standard of requirements therein to be established by each board for itself. Whenever members of any board are necessarily absent from meetings held for the examination of applicants for licenses, suitable temporary provision shall be made for thorough examinations in each and all of the aforesaid subjects by members present. The examination shall be fundamental in character. The votes of all the examiners present shall be "yes" or "no," written with their signature upon the backs of the examination papers of each candidate for the respective branches.

120. QUALIFICATIONS; RECIPROCITY; FOREIGN GRADUATES: All persons, except physicians who were practicing medicine in this state prior to the first day of January, 1898, who are now practicing medicine or surgery and can prove by affidavit that within one year of said date said physician had treated in his professional capacity at least twelve persons, who shall commence the practice of medicine or surgery in any of their branches after the eleventh day of April, 1902, shall make a written application for license to the president of either Board of Medical Examiners which said applicant may elect, accompanied by satisfactory proof that the applicant is more than 21 years of age, is of good moral character, and has either received a diploma conferring the degree of doctor of medicine from some legally incorporated medical college in the United States or a diploma or license conferring the full rights to practice all the branches of medicine and surgery in some foreign country; said diploma, if from a college in the United States, must have been conferred by a legally incorporated college having entrance requirements and a standard of education as defined by the Association of American Medical Colleges or the Intercollegiate Committee of the American Institute of Homeopathy, respectively; provided, that this requirement shall not apply to any physician who shall, prior to the eleventh day of April, 1902, have practiced outside of this state for at least three years, and who shall have been duly registered or licensed in the place where he has so practiced; provided further, that two courses of medical lectures, both of which shall be either begun or completed within the same calendar year, shall not satisfy the above requirements; provided also, that in the case of students who, on April 11, 1902, shall be in their second year in a medical college, a three years' course of study, or attendance on three courses of lectures delivered in different years, shall satisfy said requirements. Proof of the qualification of applicants as above, shall, if required, be made by affidavits at the time of the making of said application and payment of fee as provided. The president of the board to whom such aplication shall have been made, if satisfied with the same, shall direct the secretary-treasurer thereof to issue to said applicant an order for examination, and when said applicant shall have passed an examination as to proficiency satisfactory to said board, the president thereof shall grant to such applicant a license to practice medicine and surgery in the state of Maryland. If the president of either Board of Medical Examiners shall have refused any application, either for want of the qualifications necessary to entitle such applicant to an examination, as hereinbefore provided, or for want of proficiency of such applicant upon being subjected to an examination, then the president of neither of said boards shall entertain or pass upon a subsequent application from said applicant until after the expiration of six months from the rejection of said previous application. The respective boards are authorized to license without examination, applicants who present proper certificates of proficiency and professional standing at the time of application issued by the National Board of Medical Examiners or boards of medical examiners of the District of Columbia and of other states, the requirements of which are of as high a standard as those governing the Boards of Medical Examiners of this state; provided such boards of such states or district grant the same privileges to licentiates of the examining boards of Maryland; such applicants, however, being still required to furnish the same proof of qualifications required of other applicants by this section. Medical students, at the end of their second year of study who have as verified by the certificate of the dean of the college which they have attended, completed the studies of anatomy, physiology, medical chemistry and materia medica in said college, shall on application, be examined in such studies by the State Licensing Board, the result of said examination to be considered as part of the final examination, the full regular fee to be paid at this time, no part thereof to be returned, but placed to their credit for the remainder of the examination yet to be taken. Medical students who have, as verified by the certificate of the dean of the college which they have attended, completed a full four years' course of studies and lectures, but who have not yet received their diplomas, shall upon application be examined in all the branches enumerated in Section 119 of this article by the State Licensing Board, the final certificate

and license of the said board being withheld until the diploma of the proper medical college, with the candidate's name inscribed, be produced to the secretary of the board. Diplomas presented by graduates of foreign colleges may be accepted if the standards of such foreign colleges were, when such diploma was issued, equivalent to the standard defined by the Association of American Medical Colleges or the Intercollegiate Committee of the American Institue of Homeopathy, respectively.

121. INTERSTATE REGULATIONS: Any physician who may change his residence from the District of Columbia to the state of Maryland, or who while living in the District of Columbia, shall desire to practice medicine or surgery in the state of Maryland shall, upon application to the examining board of the state of Maryland, be entitled to a license, without fee and without examination; provided, that the application be properly endorsed at the time it is presented by the examining board of the District of Columbia, certifying to the proficiency and professional standing of the applicant; and provided, further, that the examining board of the District of Columbia shall, under the laws thereof, grant like and equal privileges to licensed physicians of this state who may remove to said District of Columbia, or while continuing to reside in this state may desire also to practice in said District.

122. EXAMINATIONS: All examinations shall be conducted in such manner that the name, school of graduation, and preparatory training of said applicant shall not be made known to the Board of Examiners until his examination papers have been graded. An applicant receiving a majority of the votes of the board before whom the applicant appears shall be considered to have passed a satisfactory examination and entitled to the license of said board.

123. FEES: A fee of twenty dollars ($20) shall be paid to the secretary-treasurer of the board, before whom the applicant appears, before such examination is had, which payment shall entitle said applicant to a second examination, in case of failure, at the expiration of six months and within twelve months thereafter; said fee to be applied by said board toward paying the expenses of said board.

124. REFUSAL OF LICENSE: The board shall refuse to grant a license to any applicant who may be radically deficient in his examination in any essential branch; provided, that in any case of failure at any such examination, the candidate shall not be permitted to take another examination before either board until after the expiration of six months from the date of his rejection; provided, however, that any applicant who has heretofore, during the previous year before the eleventh day of April, 1902, or who shall hereafter so fail, shall be credited as having passed in such branches as he has or shall have been found proficient in, and he shall not be again examined in said subjects.

125. FORM OF LICENSE: Every license to practice medicine and surgery, issued pursuant to the provisions of this sub-title, shall be subscribed by the president and secretary of the board before whom the applicant has passed; it shall also have affixed to it by the person authorized to affix the same the seal of the said Medical and Chirurgical Faculty of Maryland, or of the Maryland State Homeopathic Medical Society, as the license may require; every such license to be in the following form and to the following effect:

To whom it may concern, greeting:

Be it known that ———, on the —— day of ———, A. D. ———, having offered us satisfactory proof that ——— was more than twenty-one years of age, and has received a proper preliminary education; we therefore give a written order for the examination of said —— before one of the Boards of Medical Examiners of the State of Maryland; that the said —— was fully examined before our said board and found proficient and qualified to practice medicine and surgery; we, therefore, have granted to said —— this our license to practice medicine and surgery in the state of Maryland as a physician and surgeon, and have caused the names of the president and secretary of our board to be subscribed and the seal of our society affixed hereto.

Witness our hand and the seal of our said society, this —— day of ——, A. D., ——.

———, President; ———, Secretary.

(Seal of Society.)

126. REGISTRATION OF LICENSE: Any person receiving a license from either of said boards shall file the same at once with the clerk of the circuit court of the county in which he or she may reside, or with the clerk of the circuit court of Baltimore City, if said person shall reside therein, and it shall be the duty of said clerk to register the name of said person and of the president of the board signing said license in a book kept for the purpose, as a part of the records of his office; and the number of the book and the page therein containing said recorded copy shall be noted by said clerk upon the face of said license. In case said person should after the recording of such license, permanently remove his or her residence to some other part of the state or to Baltimore City, he or she shall thereupon at once file said license, or certified copy thereof, for record as aforesaid, with the clerk of the circuit court of the county or city to which he or she shall have so removed; said records shall be open to public inspection under proper restrictions as to their safe keeping, and in all legal proceedings shall have the same weight as evidence that is given to the records of conveyances of lands. The fees for such registration shall be 50 cents, to be paid by the person whose license is registered. The clerk of the superior court of Baltimore City is authorized and directed to turn over to the clerk of the circuit court of Baltimore City the register or registers of licensed physicians which he has been required to keep under and by virtue of the said Chapter 612 of the Acts of 1902.

127. PENALTIES: Any person to whom the provisions of this sub-title applies, practicing or attempting to practice medicine or surgery in this state, without first having obtained the license of one of said Boards of Medical Examiners, shall be guilty of a misdemeanor, and shall pay a fine of not less than $50 nor more than $200 for each offense, or in default of payment shall be confined in the city or county jail until the fines and costs are paid, and shall be debarred from recovering compensation for services rendered as such physician or surgeon.

128. ANNUAL REPORTS: Said boards shall make a report to the Medical and Chirurgical Faculty of Maryland and the Maryland State Homeopathic Medical Society, respectively, at each annual meeting of said respective societies.

129. CERTIFICATES OF PROFESSIONAL STANDING: Said boards shall upon request issue certificates of professional standing to physicians moving out of the state.

130. NON-REGISTERED SHALL NOT PRACTICE: From and after the first day of July, 1894, no person shall practice medicine or surgery in the state of Maryland, unless he or she shall be duly registered as a physician or surgeon in accordance with the provisions of this sub-title of this article.

131. PHYSICIANS PRACTICING BEFORE 1892 MAY OBTAIN REGISTRY: Every person who was practicing medicine in the state of Maryland on or before the first day of June, 1892, shall be entitled to be registered as a physician or surgeon, or both, upon making application to the president of either board of State Medical Examiners, which application shall be in writing and verified by the oath of said applicant, taken before any officer entitled to administer oaths under the law of this state, and shall state that the applicant was a duly qualified lawful practitioner of medicine, in good standing, actually engaged in the practice of such profession in said state, on or before said first day of June, 1892. And upon receiving said application, and being satisfied of the truth of said statement therein contained, said president of such board shall issue or endorse his permit for such applicant to be registered, upon a copy of such application, which permit shall also be countersigned by the secretary of said; and any president of such board, to whom such application is addressed may, in his discretion, make inquiry and examine witnesses under oath, or receive other evidence as to the truth of the statements contained in such application, for a permit to be registered; and if the president of either of such Boards of Medical Examiners shall act upon such application, and shall refuse the same, then no president of the other of said boards shall entertain or act upon any application of such applicant for such permit. And upon the presentation of a permit to be registered, signed by the president and countersigned by the secretary of either of said Boards of Medical Examiners, to the clerk of the county where such applicant may reside, or to the clerk of the circuit court of Baltimore City, if said applicant shall reside in Baltimore City, it shall be the duty of the said clerk to register such application and permit, and the name of such applicant as physician or surgeon, or both, in a book to be kept for such purpose, and a certified copy of such entry of registration, under the seal of the court, shall be legal evidence of such registration in all courts of the state; provided, however, that the provisions of this sub-title shall not apply to those practicing medicine in the State of Maryland prior to June, 1892, and who registered as practitioners of medicine prior to July, 1894:

132. PHYSICIANS COMMENCING PRACTICE AFTER 1892: All persons who have commenced to practice medicine or surgery in the state of Maryland since the first day of June, 1892, or who shall hereafter commence to practice medicine or surgery in this state, shall not be entitled to be registered in the registry of physicians and surgeons, as required by law, except upon filing with the clerk of the circuit court of the county or city in which he or she shall reside, a license from one of the duly constituted Boards of Medical Examiners of this state, in accordance with the terms of Sections 125 and 126, except that physicians and surgeons who have come into this state since said first day of June, 1892, or who shall hereafter come into this state to follow the practice of medicine or surgery, may receive a license which shall entitle them to be registered as physicians and surgeons, in accordance with law, upon application to one of the duly constituted Boards of Medical Examiners, in accordance with the provisions of Section 133 of this sub-title.

133. SPECIAL EXAMINATIONS: Physicians and surgeons of good moral and professional standing who shall hereafter come into this state with intent to follow the practice of medicine and surgery within this state, being graduates of a medical college or university of good standing, or having a certificate or license from a board of medical examiners of any state where the requirements for practice are equal to those required by the board named in this sub-title, may make application to the president of either Board of Medical Examiners of this state, which application shall be made under oath, and shall state when and how long such applicant has been engaged in the practice of medicine and surgery and from what medical college, university or other institution of learning he or she has graduated. And thereupon, the Board of Medical Examiners shall have the authority and discretion to require applicants to undergo an examination, in accordance with the provisions of Sections 118 to 124, inclusive, or may require said applicant to submit to a special examination, the terms and methods of which shall be prescribed by the Board of Medical Examiners, and upon paying the fee for examination, as set out in Section 123. After the examination and determination of said board, thereupon, that said applicant is qualified to practice medicine and surgery, and that he is entitled to a license, a license shall be issued to him to the same effect as the form of license set out in Section 125, which license shall be filed and recorded as provided by Section 126; and it shall then be the duty of the clerk of the court to register the name of the person so licensed as physician or surgeon or both, in accordance with the provisions of this sub-title.

134. FEE FOR REGISTRATION IN COUNTY: All persons whose licenses have been heretofore filed and recorded in accordance with Section 126 shall be held to be duly registered physicians and surgeons within the provisions of Section 131, and all persons who shall hereafter receive and file licenses, to be recorded in accordance with said Section 126, shall be registered as physicians and surgeons under said section, and the fee to be paid for such registration and for the registration of the application to the clerk, or the license therewith, as the case may require, shall be $1.

135. PENALTY FOR FALSE STATEMENT: If any person shall unlawfully obtain and procure himself to be registered as physician or surgeon, either by false and untrue statement contained in his application to the clerk of the court, as required by this sub-title, or by presenting to said clerk a false or untrue license, or one fraudulently obtained by false and fraudulent statements made to one of said Boards of Medical Examiners, he or she shall be deemed guilty of a misdemeanor, and shall be fined not less than $50 nor more than $500, and shall forfeit all rights and immunities obtained or conferred upon him by virtue of such registration, as physician or surgeon.

136. PRACTICING WITHOUT LICENSE: Any person who, after the first day of July, 1894, shall practice or attempt to practice, medicine or surgery in this state, without being registered in accordance with the provisions of this sub-title, shall be guilty of a misdemeanor, and shall be fined not less than $10 nor more than $200 for each offense.

137. INFORMATION OF IMPROPER REGISTRATION: Any citizen of Maryland having information which causes him to believe that any person has been heretofore wrongfully and improperly registered as physician or surgeon, or both, upon his application to the clerk of any court, may apply, by petition, to the circuit court of the county wherein such registration was made, or to the city court of Baltimore City, if such registration was in Baltimore City, which petition shall be under oath, and shall state that the petitioner is informed and believes that the person named therein has been heretofore improperly and wrongfully registered as physician or surgeon, or both, upon his own application and affidavit

upon the register of physicians or book kept for such purpose in any court of this state for the reason (as said petitioner is empowered) that such person was not lawfully practicing medicine in the state of Maryland as a duly qualified practitioner of medicine in said state entitled to be registered as a physician or surgeon upon his own application to the clerk of said court; and that said petitioner prays that the name of such person shall be struck from the registry of physicians aforesaid. Upon the filing of such petition the court, or one of the judges thereof, shall pass an order requiring the person therein alleged to be wrongfully or improperly registered to answer the same, under oath, on or before a date to be named within thirty days from the date of such order, and to show cause, if any there be, why the prayer of such petition should not be granted, which order shall be served upon said last-named person; and if said petition shall not be answered within the time named, as aforesaid, or if the answer thereto shall be adjudged insufficient by the court, then the court shall pass an order directing that the name of such person alleged to be wrongfully or improperly registered shall be stricken from the registry of physicians or surgeons where the same shall have been registered; but if said petition shall be answered by the defendant, being the person against whom it is exhibited by an answer under oath, fairly and fully denying the allegations of said petition, the issues thus raised shall be heard and determined by the court, and either party may be entitled to a jury trial before a jury of the regular panel empaneled to try common law cases in said court; and the defendant shall be competent and compellable to testify at such hearing and upon such hearing the court shall render judgment with cost against the unsuccessful party. And if it shall determine that said defendant was not practicing medicine in the state of Maryland on or before the date of June 1, 1892, not being a lawful practitioner of medicine in said state on or before said date, it shall pass an order directing the name of said defendant to be stricken from the registry of physicians or surgeons, or both, which order shall be certified by the clerk of the court wherein said defendant was registered, and he shall thereupon strike his name from said registry. But the decision upon such petition shall have no force and effect in any criminal prosecution under this sub-title.

138. MEDICAL PRACTICE ACT OF MASSACHUSETTS

General Laws of Massachusetts, 1921, Chapters 13 and 112; Cumulative Statutes, Chapter 112; as amended, Laws of 1927, Chapter 137.

Chapter 13

Section 10. ADMINISTRATIVE: There shall be a Board of Registration in medicine in the two following sections called the board, consisting of seven persons, residents of this commonwealth, who shall be graduates of a legally chartered medical college or university having the power to confer degrees in medicine, and who shall have been for ten years actively engaged in the practice of their profession. No member of said board shall belong to the faculty of any medical college or university, and no more than three members thereof shall at one time be members of any one chartered medical society. One member thereof shall annually in June be appointed by the governor, with the advice and consent of the council, for 7 years from July first following.

Sec. 11. ORGANIZATION OF BOARD; TERM: Said board shall hold regular meetings on the second Tuesday of March, July and November in each year, and additional meetings at such times and places as it may determine. At the regular meeting in July it shall organize by the choice of a chairman and secretary who shall hold their offices for one year. The secretary shall give a bond to the treasurer in the sum of five thousand dollars ($5,000), with sufficient sureties to be approved by the governor and council, for the faithful performance of his official duties. There shall be paid by the commonwealth to the secretary of the board a salary of $2,500, to each of the other members thereof a salary of $300, and to each member thereof his necessary traveling expenses actually incurred in attending meetings of the board.

Chapter 112

Section 1. SUPERVISION BY DIRECTOR: The director of registration shall supervise the work of the several boards of registration and examination included in the division of registration of the department of civil service and registration. He shall recommend changes in the methods of conducting examinations and transacting business, and shall make such reports to the governor and council as they may require or he may deem expedient.

Sec. 2. APPLICATION FOR REGISTRATION; QUALIFICATIONS, RE-EXAMINATION; REVOCATION: Applications for registration as qualified physicians, signed and sworn to by the applicants shall be made upon blanks furnished by the Board of Registration in medicine, herein and in sections 3 to 22 inclusive, called the board. Each applicant who shall furnish the board with satisfactory proof that he is 21 or over, and of good moral character, that he possesses the educational qualifications required for graduation from a public high school, and that he has received the degree of doctor of medicine, or its equivalent either from a legally chartered medical school having the power to confer degrees in medicine which gives a full four years' course of instruction of not less than thirty-six weeks in each year or from any legally chartered medical school having such power, if such applicant was, on March 10, 1917, a matriculant thereof, shall, upon payment of twenty-five dollars ($25), be examined, and if found qualified by the board be registered as a qualified physician and entitled to certificates in testimony thereof signed by the chairman and secretary. An applicant failing to pass an examination satisfactory to the board, shall be entitled within one year thereafter to a re-examination at a meeting of the board called for the examination of applicants, upon payment of a further fee of three dollars ($3); but two such re-examinations shall exhaust his privilege under his original application. The board, after hearing, may revoke any certificate issued by it and cancel the registration of any physician convicted of a felony or after hearing may revoke any certificate issued by it and cancel for a period not exceeding one year the registration of any physician who has been shown at such hearing to have been guilty of gross and confirmed use of alcohol in any of its forms while engaged in the practice of his profession, or of the use of narcotic drugs in any way other than for therapeutic purposes; or of abuse of the authority granted in section 209A; or of publishing or causing to be published or of distributing or causing to be distributed any literature contrary to section 29 of chapter 272; as principal or assistant in the carrying on of the practice of medicine by an unregistered person, or by any person convicted of the illegal practice of medicine, or by any registered physician whose license has been revoked either permanently or temporarily, or of aiding or abetting in any attempt to secure registration, either for himself or for another by fraud, or in connection with his practice, of defrauding or attempting to defraud any person. The board may subsequently, but not earlier than one year thereafter, reissue any certificate formerly issued by it or issue a new certificate, and register anew any physician whose certificate was revoked and whose registration was canceled.

Sec. 2A. NATIONAL BOARD OF MEDICAL EXAMINERS: In determining the qualifications necessary for registration as a qualified physician, the board may at its discretion accept the certificate of the National Board of Medical Examiners of the United States, chartered under the laws of the District of Columbia, in place of and as equivalent to its own professional examination; but before registration in pursuance of this section the applicant therefor shall pay a fee of twenty-five dollars ($25).

Sec. 3. EXAMINATIONS; SUBJECTS: Examinations shall be in whole or in part in writing, in English, shall be of a scientific and practical character, shall include the subjects of anatomy, surgery, chemistry, biology, physics, physiology, pathology, obstetrics, gynecology, psychiatry, practice in medicine and hygiene and shall be sufficiently thorough to test the applicant's fitness to practice medicine. The board may employ expert assistance in conducting hospital and laboratory tests.

Sec. 3A. EXCEPTIONS: The provisions of the preceding section requiring examinations of applicants for registration as qualified physicians on the subject of psychiatry shall not take effect until July 1, 1923.

Nothing in this Act (Section 3) shall apply to any applicant for registration aforesaid, who at the time of the passage hereof (1922) is a student in a legally chartered medical school as described in section 2 of chapter 112, but as to such applicant the provisions of said chapter 112 in force prior to the passage of this Act shall continue to apply.

Sec. 4. RECORDS; ANNUAL REPORTS: The board shall keep a record of the names of all persons registered by it, and of all money received and disbursed by it, and a duplicate thereof shall be open to inspection in the office of the state secretary. The board shall make an annual report including a statement of the condition of medicine and surgery in the commonwealth.

Sec. 5. INVESTIGATION OF COMPLAINTS: The board shall investigate all complaints of the violation of any provisions of sections 2 to 23 inclusive or of section 65 so far as it relates to medicine or chiropody, and report the same to the proper prosecuting officers.

Sec. 6. PRACTITIONERS NOT REGISTERED; PROSECUTION: Except as provided in section 65, whoever, not being lawfully authorized to practice medicine within the commonwealth and registered under section 2 of this Act, or corresponding provisions of earlier laws, or under section 1 or 2 of chapter 526 of the acts of 1909, holds himself out as a practitioner of medicine or practices or attempts to practice medicine in any of its branches, or whoever practices medicine under a false or assumed name, or under a name other than that by which he is registered, or whoever personates another practitioner, or whoever practices or attempts to practice any fraud in connection with the filing of an application, or whoever files an application under a false or assumed name, or under a name other than his own, or whoever personates or attempts to personate another applicant for registration, during an examination, shall be punished by a fine of not less than one hundred nor more than one thousand dollars, or by imprisonment for not less than one month nor more than one year, or both.

A person rendering medical service in violation of this section shall recover no compensation therefor.

Sec. 7. TO WHOM NOT APPLIED: The five preceding sections and section 8 shall not be held to discriminate against any particular school or system of medicine, to prohibit medical or surgical service in a case of emergency, or to prohibit the domestic administration of family remedies. They shall not apply to a commissioned medical officer of the United States Army, Navy or Marine Hospital Service in the performance of his official duty; to an intern or medical officer registered as provided in section 9, while engaged in the practice of medicine as authorized by said section; to a physician or surgeon resident in another state who is a legal practitioner therein, when in actual consultation with a legal practitioner of this commonwealth; to a physician authorized to practice medicine in another state, when he is called as the family physician to attend a person temporarily abiding in this commonwealth; nor to registered pharmacists in prescribing gratuitously, clairvoyants, or persons practicing hypnotism, magnetic healing, mind cure, massage, Christian Science or cosmopathic method of healing, if they do not violate any provisions of the preceding section.

Sec. 8. RECORDING CERTIFICATE: No person shall enter upon, or continue in, the practice of medicine within this commonwealth until he has presented to the clerk of the town where he has, or intends to have, an office or his usual place of business, his certificate of registration as a physician in the commonwealth, or, if it is lost, a certified statement issued by the board, setting forth all the material facts in the original certificate, and a fee of twenty-five cents. Thereupon the clerk shall record the name of the owner of said certificate or certified statement together with the date of record, upon blanks approved by the board, said blanks to be so arranged that a duplicate carbon copy shall be made at the time of the original record. He shall keep the original record, and it shall be open to public inspection. He shall, within twenty-four hours after such recording forward the duplicate record to the board. Whoever practices or attempts to practice medicine without complying with this section, or whoever submits to a town clerk a false or fraudulent certificate or certified statement, shall be punished by a fine of not less than five dollars ($5) nor more than one hundred dollars ($100); and any town clerk who refuses or neglects to comply with this section shall be punished by a fine of not less than five dollars ($5) nor more than ten dollars ($10).

Sec. 9. LIMITED REGISTRATION OF INTERNS: An applicant for limited registration under this section who shall furnish the board with satisfactory proof that he is twenty-one or over and of good moral character, that he has creditably completed not less than three and one-half years of study in a legally chartered medical school in good standing having the power to grant degrees in medicine, and that he has been appointed an intern or medical officer in a hospital or other institution maintained by the commonwealth, or by a county or municipality thereof, or in a hospital incorporated under the laws of the commonwealth may, upon the payment of five dollars ($5) be registered by the board as a hospital medical officer for such time as it may prescribe; but such limited registration shall entitle the said applicant to practice medicine only in the hospital or other institution designated on his certificate of limited registration, and under the regulations established by such hospital or institution. Limited registration under this section may be revoked at any time by the board.

Sec. 10. OSTEOPATHS: The provisions of this chapter with reference to medicine and its practice shall apply to and include osteopathy and its practice, when such construction is not inconsistent with the following section.

Sec. 11. SAME: No person now registered as an osteopath under section 1 or 2 of chapter 526 of the acts of 1909 shall prescribe or administer drugs for internal use, perform major operations in surgery, engage in the practice of obstetrics, or hold himself out, by virtue of such registration, as and for other than an osteopath. Violation hereof shall be punished by the penalty provided in section 6.

. . . .

Sec. 61. SUSPENSION OR REVOCATION OF LICENSE, ETC: Except as otherwise provided by law, each board of registration in the division of registration of the department of civil service and registration, after a hearing, may, by a majority vote of the whole board, suspend, revoke or cancel any certificate, registration, license or authority issued by it, if it appears to the board that the holder of such certificate, registration, license or authority, is insane, or is guilty of deceit, malpractice, gross misconduct in the practice of his profession, or of any offense against the laws of the commonwealth relating thereto. Any person whose certificate, registration, license or authority is suspended or revoked hereunder shall also be liable to such other punishment as may be provided by law. The said boards may make such rules and regulations as they deem proper for the filing of charges and the conduct of hearings.

Sec. 62. Any person against whom charges are filed shall be notified of the hearing thereof, and may appear with witnesses and be heard by counsel. If such person has left the commonwealth, or cannot be found by reasonable search, notice may be dispensed with. Said boards shall have the same powers to summon witnesses to attend such hearings, and to swear them as are conferred upon city councils and other bodies by section eight of chapter two hundred and thirty-three, and said section and sections nine and ten of said chapter shall apply to witnesses summoned as aforesaid.

Sec. 63. Said boards shall not defer action upon any charge before them until the conviction of the person accused, nor shall the pendency of any charge before any of said boards act as a continuance or ground for delay in a criminal action.

Sec. 64. The supreme judicial court, upon petition of a person whose certificate, registration, license or authority has been suspended, revoked or cancelled, may enter a decree revising or reversing the decision of the board, if it appears that the decision was clearly wrong; but prior to the entry of such decree no order shall be made or entered by the court to stay or supersede any suspension, revocation or cancellation of any such certificate, registration, license or authority.

Sec. 65. PENALTY FOR PRACTICING DURING CONTINUANCE OF SUSPENSION, ETC: Whoever continues to practice any profession or calling after his certificate, registration, license or authority authorizing him so to do has been suspended, revoked or cancelled under authority of section sixty-one, and while such disability continues, shall be punished by a fine of not more than one hundred dollars or by imprisonment for not more than three months, or both.

Compiled Laws of Michigan, 1915, Chapter 130; Annotated Supplement, 1922, Chapter 130.

Section 6724. BOARD OF REGISTRATION; APPOINTMENT; QUALIFICATION: That the governor shall appoint, by and with the advice and consent of the senate, ten resident electors of the state, who shall constitute a Board of Registration in Medicine. Not more than five of the persons so appointed shall be from the school of medicine known as regular; not more than two of the persons so appointed shall be from the school of medicine known as homeopathic; not more than two of the persons so appointed shall be from the school of medicine known as eclectic; and not more than one of the persons so appointed shall be from the school of medicine known as physiomedical, and the governor may select such appointees from the latest list filed in the office of the secretary of state at Lansing by each of the four legally incorporated state medical societies of the schools of medicine as herein mentioned aforesaid, such lists to be certified to under oath of the president and secretary of each society, respectively, and such lists to contain at least treble the number of names as each society has representatives on the board. But in the event that one or more of the societies above named, through their presidents or secretaries, shall from any cause neglect, omit or refuse to file as aforesaid, such list or lists, then and in that case the governor shall appoint or fill the vacancies in said board without reference to such list or lists which the aforesaid society or societies have for any cause neglected, omitted or refused to file with the secretary of state, as herein mentioned aforesaid; but the number of representatives from each of the schools of medicine shall be the same as provided for in this Act. All persons so appointed shall be legally registered physicians of this state, shall be graduates in good standing of reputable medical colleges, and shall have been actively engaged in the practice of medicine in this state for at least six years immediately preceding the time of such appointment. The ten persons so appointed shall be appointed in two classes, each class to consist of five persons. The first class shall consist of those physicians appointed by the governor under Act No. 237, laws of 1899, October 1, A. D. 1901, who shall serve during the time for which they were so appointed, namely: To Oct. 1, 1905; and the second class shall be appointed to hold office for four years beginning with the first day of October of the present year, and both classes shall hold office until their successors are appointed; and thereafter the governor shall appoint, before the first day of October of each biennial period, five persons qualified as aforesaid, in each class, to hold office for four years from the first day of October next ensuing. No member of said board shall belong to the faculty of any medical college or university. The governor shall also fill vacancies occasioned by death or otherwise, and may remove any member for the continued neglect of duties required by this Act. Vacancies in said board shall be filled in accordance with the provisions of this Act for the establishment of the original board, and a person appointed to fill a vacancy shall hold office during the unexpired term of the member whose place he fills. The business of said board shall be transacted by and receive the concurrent vote of from at least seven members.

Sec. 6725. MEETINGS; OFFICERS: The members of said board shall meet on the second Tuesday of October, 1899, at the state capitol at Lansing, and shall then elect a president from their own number, and a secretary who need not be of their number, but each of whom shall hold their respective offices for two years and shall have the power to administer oaths. Not less than seven members shall constitute a quorum of said board for transaction of business. The secretary shall give to the treasurer of the state a bond in the penal sum of five thousand dollars ($5,000), with sufficient sureties, to be approved by the governor, for the faithful discharge of his duties. The said board shall hold two regular meetings in each year, beginning with the year 1899; one on the second Tuesday of October, 1899, and one on the second Tuesday of June, 1900, and so on, and such additional meetings at such times and places as it may determine.

Sec. 6726. APPLICANTS FOR REGISTRY: On and after the date of the taking effect of this Act, all men and women who are not already legally registered under Act No. 237 of the Public Acts of 1899, and acts amendatory thereto, and who wish to begin the practice of medicine, surgery and midwifery in any of its branches in this state, shall make application to the Board of Registration in Medicine, to be registered and for a certificate of registration. This registration and certificate shall be granted to such applicants as shall furnish satisfactory proofs of being at least 21 years of age, and of good moral and professional character, but only upon compliance with the following conditions contained in one or either of subdivisions one and two of this section:

First. EXAMINATIONS: The applicant shall be registered and given a certificate of registration if he or she shall satisfactorily pass an examination under the immediate authority and direction of the board upon the following subjects: anatomy, histology and embryology, physiology, chemistry and toxicology, bacteriology, pathology, diagnosis, hygiene and public health, medical jurisprudence, diseases of the eye, ear, nose and throat, obstetrics, gynecology and surgery, and such additional subjects made necessary by advances in medical education as the board may designate, said examination to be conducted as follows:

(a) The examination may be taken as a whole in all of the subjects as aforesaid, and shall be designated as the primary-final examination, or said examination may be divided into a primary examination upon the subjects of anatomy, histology and embryology, physiology, chemistry and toxicology and bacteriology, and a final examination upon the remaining subjects as aforesaid, not included in the primary examination.

(b) The applicant shall file with the secretary of the board, at least one week prior to an examination, an approved application, through a blank furnished by the board, covering the detail of his or her personal history, and preliminary and medical education, and such other evidence of qualification as the board may require.

(c) The board may make such rules and regulations governing the conduct of the examination as it shall deem necessary, and wilful violation of such rules and regulations shall subject the applicant to the loss of the examination and fee.

(d) The examination shall be made as practical as possible in order to test the applicant's qualifications as a practitioner of medicine, the method of which shall be in accordance with the board's best judgment, and may be a written, clinical, laboratory or oral examination, or a combination of two or more of the above methods.

(e) An average percentage of at least 75 per cent. of correct answers on all the subjects listed under this section, and of not less than 50 per cent. on each subject, shall be required of every applicant: Provided, that in the case of a qualified applicant who has been in reputable and legal practice at least five years, at the discretion of the board, this requirement of minimum percentage may be modified by the board to meet the necessities of the individual case. An accepted applicant for the primary-final examination, or for the final examination, as noted in subdivision one (a) of this section, shall have a diploma from a legally incorporated regularly established and recognized college of medicine within the states, territories, districts and provinces of the United States, or within any foreign country, having as a minimum requirement a four years' course of eight months in each calendar year: Provided, that such applicant shall have, prior to the beginning of his or her course in medicine, or registration or matriculation in a recognized medical college, as a minimum requirement, a diploma from a recognized and reputable high school, academy, college or university, having a classical course, or an equivalent credential, or shall pass an examination equivalent at least to the minimum standard of preliminary education adopted and published by the board before a board of preliminary examiners appointed by and in accordance with the regulations of aforesaid board, and at such time and place as the board may designate. The applicant shall pay to such board of preliminary examiners a fee of five dollars ($5) prior to examination: Provided, a student entering a college in Michigan, having a preliminary examination of a standard approved by the Board of Registration in Medicine, shall not be required to take this examination: Provided, that this requirement of preliminary education shall not apply to those students who on the 14th day of October, 1903, were regularly registered as students of legally organized and recognized medical colleges, but that the standard of preliminary education shall equal at least the minimum standard in force in this state at the date of aforesaid registration of students: And provided also, that a higher requirement of medical education shall not apply to those graduates of legally organized and recognized medical colleges who had graduated from such colleges prior to the date of the passage of Act No. 191 of the Public Acts of 1903, but that the standard of medical education shall equal at least the minimum standard in force in this state at the date of graduation. Students of medicine in regular attendance at a recognized medical college and endorsed by said board as having fulfilled the legal requirements of the state for entrance to, or matriculation in, recognized medical colleges, and who have completed, in accordance with the board's adopted minimum standard of medical education, in such recognized medical college, through attendance and examination, and not prior to the termination of the second year in such institution, among others the subjects of anatomy, histology and embryology, physiology, chemistry and toxicology, and bacteriology, shall have the right to a primary examination, as recorded under subdivision one (a) of this section, upon prescribed subjects, said examination to be held at such times and places as may be determined by the board, and to receive from the board a certificate showing the credits received in the several subjects upon which an examination shall have been had as aforesaid, and such credits obtained shall at the election of the student, be included in and form a part of the examination heretofore called the final examination under subdivision one (a) of this section: Provided, that subsequent to graduation from a recognized medical college, in said final examination for a certificate of registration the applicant shall, if presenting said credits to the board at the time of his or her application for examination, be examined only in those remaining subjects prescribed under subdivision first of this section and which have not been listed as subjects of aforesaid primary examination. The applicant shall pay to the board a fee of twenty-five dollars ($25) prior to the examination, divided as follows: ten dollars ($10) for the primary examination and fifteen dollars ($15) for the final examination. If such examinations are taken together, or as a whole, the fee shall be twenty-five dollars ($25) for such primary-final examination. No additional fee for registration shall be charged to those who successfully pass the examinations. The board shall, in the recognition of medical colleges, in its discretion, list such colleges in three or more classes or groups: Group one including those colleges which fulfil the advanced requirements of this Act and which maintain the board's standards of preliminary and medical education; group two including those colleges which have fulfilled the standard of medical education demanded by this state at the date of the diploma; and group three including those colleges whose courses are recognized only for advanced standing in recognized colleges listed under group one: Provided, that a diploma issued by a medical college listed by the board in one or more of the groups or classes as aforesaid shall be recognized as a qualification under this Act, in the event only of its representing the actual standards of preliminary and medical education within the provisions of this Act. The Board of Registration in Medicine shall, from time to time adopt minimum standards of preliminary and medical education, and no high school, academy, college, university or medical college, or other institution or board, shall be approved and designated or its diploma or certificate be recognized by said board under subdivision one of Section 3 of this Act, unless, in the judgment of the board, it conforms with such standard.

Second. RECIPROCITY: The applicant may, at the discretion of the board, be registered and given a certificate of registration if he or she shall present satisfactory proof of the possession of a certificate of registration or license which has been issued to said applicant within the states, territories, districts or provinces of the United States, or within any foreign country, where the requirements for the registration of said applicant at the date of his or her license shall be deemed by said Board of Registration in Medicine to be equivalent to those of this Act. The fee for registration from applicants of this class shall be fifty dollars ($50), and for the endorsement of a certificate to another state five dollars ($5).

Third. NON-MEDICAL REGISTRATION: The board is authorized to issue a license or certificate of registration to any person who desires to practice a system of treatment of human ailments or diseases, and who does not in such treatment use drugs or medicines, internally or externally, or who does not practice surgery or midwifery, under the provisions of this Act; provided, that the applicant for such license or certificate of registration shall have an accredited diploma from a high school, academy, college or university, or an equivalent credential or shall pass an examination before the Board of Preliminary Examiners, such examination to be equivalent to a recognized high school diploma, as provided in subdivision one of this section and shall pass an examination before the board upon the following subjects: anatomy, histology and embryology, physiology, chemistry, bacteriology, pathology, diagnosis, hygiene and public health. This examination shall be concurrent with an equivalent to the examination provided for practitioners of medicine under Section 3, subdivision one, of this Act, and shall be in harmony with the provisions of this section and subdivision covering such examination in the subjects as above specified: Provided, however, that such examination shall be a continuous one and not subject to a division into a primary and a final examination. The fee for such examination shall be fifteen dollars ($15). A practitioner under this subdivision shall not be permitted to use in any form the title of "doctor" or "professor" or any of their abbreviations, or any other sign or appellation to his or her name which would in any way designate him or her as a physician or surgeon, qualified under the provisions of Section 3, subdivisions one and two of this Act, or in violation of the provisions of this Act. All persons granted a certificate of registration or license under the provisions of this subdivision three, shall also conform to the provisions of Act No. 237 of the Public Acts of 1899, and acts amendatory thereto, except as provided in this subdivision. Provided, That all practitioners described in section three (sec. 6726), part three, who have been granted a diploma by a college incorporated for the purpose of teaching their method of treatment and who file with the State Board of Registration in Medicine, prior to October one, nineteen hundred thirteen, an affidavit stating that they have practiced in the State of Michigan for a period of two years prior to September one, nineteen hundred thirteen, shall be registered and authorized to practice without examination under the provisions of section three, part three, of this Act. A fee of five dollars must accompany each application for registration under this provision.

Fourth. FRAUDULENT REGISTRY: If any person shall unlawfully obtain and procure himself or herself to be registered under this section, whether by false and untrue statements contained in his application to the Board of Registration in Medicine, or by presenting to said board a false or untrue diploma, certificate or license, or one fraudulently obtained, he shall be deemed guilty of a felony, and upon conviction thereof shall be punished by a fine of not less than three hundred dollars ($300) nor more than five hundred dollars ($500) or by imprisonment at hard labor for not less than one (1) year nor more than three (3) years, or both, at the discretion of the court, and shall forfeit all rights and privileges obtained or conferred upon him by virtue of such registration.

Fifth. PERJURY: Any person who shall swear falsely in any affidavit or oral testimony made or given by virtue of the provisions of this Act, or the regulations of the Board of Registration in Medicine, shall be deemed guilty of perjury, and upon conviction thereof, shall be subject to all the pains and penalties of perjury.

Sixth. UNPROFESSIONAL CONDUCT: The Board of Registration in Medicine may refuse to issue or continue a certificate of registration or license provided for in this section, to any person guilty of grossly unprofessional and dishonest conduct. The words "unprofessional and dishonest conduct," as used in this Act, are hereby declared to mean:

(a) The procuring, aiding or abetting in procuring a criminal abortion;

(b) The obtaining of any fee on the assurance that an incurable disease can be permanently cured;

(c) The wilfully betraying of a professional secret;

(d) All advertising of medical business in which grossly improbable statements are made, or, where specific mention is made in such advertisements of venereal diseases or diseases of the genito-urinary organs;

(e) Having professional connection with, or lending one's name to an illegal practitioner of medicine; or having professional connection with any person or any firm or corporation who advertises contrary to the provision of this section, or with any person who has been convicted in a court of competent jurisdiction under the provisions of this section;

(f) All advertising, of any nature or kind, of any medicine, or of any means for the regulation or reestablishment of the menses;

(g) All advertising of any matter of an obscene or offensive nature derogatory to good morals or contrary to Act No. 62 of the Public Acts of 1911 (sec. 15512);

(h) Employing or being employed by any capper, solicitor or drummer for the purpose of securing patients; or subsidizing any hotel or boarding house with a like purpose, or paying or offering to any person, money or any other thing of value with a like purpose, or advertising to do so in any form whatsoever; or the division of fees in a consultation or a reference of a patient to a specialist, when no actual professional service is rendered by the physician referring the case, without the knowledge of the patient or the person concerned in the payment thereof;

(i) Being guilty of offenses involving moral turpitude, habitual intemperance, or being habitually addicted to the use of morphine, opium, cocaine, or other drugs having a similar effect; or of prescribing or giving away any substance or compound containing alcohol or drug for other than legal and legitimate therapeutic purposes.

Seventh. PENALTIES; REVOCATION OF LICENSE: It shall be a misdemeanor for any person to be guilty of "unprofessional and dishonest conduct" as defined in this Act. Any person who has been issued a certificate of registration or license under this Act, and who shall be charged with the commission of such misdemeanor, shall be tried in a court of competent criminal jurisdiction, and upon conviction thereof shall be fined for each offense not to exceed two hundred and fifty dollars ($250), or shall be imprisoned in the county jail not to exceed three (3) months, or may be both fined and imprisoned, in the discretion of the court. The creation of such misdemeanor by this Act shall not be construed to supersede any existing remedy or punishment, whether civil or criminal, for any act embraced within the provisions of this Act, but shall be construed to be in addition thereto.

The Board of Registration in Medicine may, upon the filing with it of a duly certified copy of a final conviction obtained in accordance with the provisions of this Act, revoke or suspend for a limited period, not less than six months, the certificate or license of the person so convicted. The said Board of Registration in Medicine may also revoke any certificate of registration or license of any person guilty of a criminal offense created by or embraced within the provisions of this Act or within the provisions of any state, provincial, territorial or federal act in the United States or in foreign countries, when such criminal offense or such fraud or perjury shall have been legally established in a court of competent jurisdiction. Said board may also revoke any certificate of registration or license heretofore or hereafter granted upon mistake of material fact or by reason of fraudulent misrepresentation of fact by such applicant. Any person charged with a violation of the provisions of this subdivision seven of Section 3 shall have a fair hearing before the board upon sufficient notice of such hearing: Provided, that this section shall not apply to such forms of contract practice as are from time to time endorsed by the board.

Sec. 6727. RECORDING CERTIFICATE: The person receiving a certificate of registration shall file the same, or a certified copy thereof, with the county clerk in the county where he resides, and said clerk shall file said certificate or the certified copy thereof and enter a proper memorandum thereof in a book to be provided and kept for that purpose, and may collect therefor a fee of fifty cents for each certificate or copy thus filed. And said county clerk shall, on the first day of each month, furnish to the secretary of said board a list of all certificates filed in his office during the preceding month on a blank provided for that purpose, and upon notice to him of the change of location or death of a person granted a certificate, or upon the revocation of the certificate granted such person, said county clerk shall enter at the appropriate places in the record so kept by him a memorandum of said facts; so that the record so kept by said county clerk shall correspond with the records of said board, so kept by the secretary thereof. In case a person having thus filed a certificate shall move into another county of the state, he shall procure from said county clerk a certified copy of said certificate, and file the same with the said county clerk of the county to which he shall so remove. Said county clerk shall file and enter the same with like effect, as if the same was the original certificate.

Sec. 6728. FEES: All moneys received by said board shall be paid to the state treasurer monthly, and shall be credited to the general fund of the state, and receipt for the same shall be filed by the secretary of the said board in the office of the auditor general. The incidental and traveling expenses of said board, and such salary to the secretary as said board may fix, shall be paid from such fund only. The members of said board, except the secretary, shall receive no compensation for their services except necessary traveling and hotel expenses in attending meetings of said board; and in no case shall any more be paid than was actually expended. Such incidental and traveling expenses shall be approved by said board and sent to the auditor general of the state, who shall draw his warrant upon the state treasurer for the amounts due, as in case of other bills and accounts under the provisions of law; provided, that the amount so paid shall not exceed the amount received by the treasurer of the state from said board in fees, as herein specified, and as much of said receipts as may be necessary is hereby appropriated for the compensation and expenses of said board as aforesaid.

Sec. 6729. REPORTS: Said board shall collect from the various county clerks of the state, each month, a report of all registrations made. Said board shall also keep a record of all moneys received and disbursed by it each month, and said record shall always be open to inspection at the office of the secretary of state. Said board shall annually report to the governor, on or before the first day of January of each year, the condition of medicine and surgery in this state, which report shall contain a full and complete record of all its official acts during the year, and shall also contain a statement of its receipts and disbursements.

Sec. 6730. PRACTICE WITHOUT CERTIFICATE: Any person who shall practice medicine or surgery in this state, or who shall advertise in any form or hold himself or herself out to the public as being able to treat, cure or alleviate human ailments or diseases, and who is not the lawful possessor of a certificate of registration or license issued under and pursuant to Act No. 237 of the Public Acts of 1899, or acts amendatory thereto or without first complying with the provisions of this Act, except as heretofore provided in Section 3 of this Act, shall be deemed guilty of a misdemeanor and upon conviction thereof shall be punished by a fine of not more than two hundred dollars ($200), or by imprisonment in the county jail for a period of not more than six (6) months, or by both such fine and imprisonment, in the discretion of the court for each offense. It shall be the duty of the prosecuting attorneys of the counties of this state to prosecute violations of the provisions of this Act.

Sec. 6731. Sec. 6732. DEFINITION OF MEDICAL PRACTICE: Any person who shall append the letters "M.D." or "M.B." or other letters in a medical sense, or shall prefix the title "doctor" or its abbreviation, or any sign or appellation in a medical sense, to his or her name, it shall be prima facie evidence of practicing medicine within the meaning of this Act. In this Act, unless otherwise provided, the term "practice of medicine" shall mean the actual diagnosing, curing or relieving in any degree, or professing or attempting to diagnose, treat, cure or relieve any human disease, ailment, defect or complaint, whether of physical or mental origin, by attendance or by advice, or by prescribing or furnishing any drug, medicine, appliance, manipulation or method, or by any therapeutic agent whatsoever.

Sec. 6733. REPORTS BY ASSESSORS: It shall be the duty of the assessing officer at the time of making the annual assessment to make out a list of physicians residing within his township, village, district, ward or city, with the name, age and sex of each, and the length of time each has been engaged in practice. Such list shall be returned by the assessing officer to the county clerk, and by the county clerk recorded in a book in which are kept the records of the board, and annually on or before the first day of January such clerks shall furnish certified lists of the same to the secretary of this board.

Sec. 6734. REPEALING FORMER ACTS: An act entitled "An act to promote public health," approved June 6, 1883, and the act amendatory thereto, approved June 27, 1887, except as to all penalties which shall have accrued thereunder, are hereby repealed.

Section 6735. Whoever shall violate this section shall, on conviction, be deemed to be guilty of a misdemeanor, and be punished by a fine of not less than one hundred dollars, nor more than five hundred dollars, or by imprisonment in the county jail not exceeding ninety days, or by both such fine and imprisonment, in the discretion of the court.

Sec. 6736. All provisions in existing law inconsistent with this Act (Sec. 6735) are hereby repealed.

Sec. 6737 (1). DIVISION OF FEES UNLAWFUL: It shall be unlawful for any physician or surgeon to divide fees with or to promise to pay a part of his fee to or pay a commission to any other physician or surgeon or person who calls him in consultation or sends patients to him for treatment or operation.

Sec. 6737 (2). PENALTY: Any physician or surgeon who pays or receives any money prohibited by this Act shall be punished by a fine not to exceed one hundred dollars or imprisonment in the county jail not to exceed ninety days, or both such fine and imprisonment in the discretion of the court.

Sec. 6737 (3). REVOCATION OF LICENSE: In case a physician or surgeon shall be convicted of violating any of the provisions of this Act the Board of Registration in Medicine, upon a first conviction may and upon a subsequent conviction shall, revoke the license of the person so convicted.

Sec. 6738. STUDENTS: All students of medicine and surgery, attending any legally organized and reputable medical college or university, as shall be approved of by the Board of Registration in Medicine of this State, such students being endorsed by said board as having fulfilled the legal requirements of this state for entrance to, or matriculation in, recognized medical colleges, and who shall have completed in accordance with the board's adopted and published minimum standard of medical education, in such approved medical college or university, through attendance and examination, and not prior to the termination of the second year in such institution, such a proportion of the whole course of subjects provided for under section three, subdivision first, act one hundred ninety-one, laws of nineteen hundred three, amending act two hundred thirty-seven, laws of eighteen hundred ninety-nine, entitled "An act to provide for the examination, regulation, licensing and registration of physicians and surgeons," et cetera, as shall be prescribed by said board, shall have the right to an examination by said board, hereinafter called the primary examination, upon all such prescribed subjects as shall have been completed by aforesaid students, said examination to be held at such times and places as designated by the board, and to receive from the board a certificate showing the fact of such primary examination having been taken, together with the credits received thereon in the several subjects upon which examination shall have been had as aforesaid, and such credits obtained shall, at the election of the student, be included in and shall form a part of the examination hereinafter called the final examination, provided for under section three, subdivision first of the above mentioned act: Provided, however, that said credits obtained shall be included in, and shall form a part of, the aforesaid final examination, in the event only that such credits shall be presented to said board within three years from and after the date of said primary examination: And provided, That subsequent to graduation from a recognized medical college, in said final examination for a certificate of registration, the applicant shall, if presenting said credits to the board, be examined only in those subjects prescribed for under section three, subdivision first, of the above mentioned act, and which have not been prescribed and listed by the board as subjects of aforesaid primary examination.
